THE CORPORATION OF THE TOWNSHIP OF PAPINEAU-CAMERON

BY-LAW NUMBER 2018-04

BEING A BY-LAW TO PROVIDE FOR HIGHWAY (ROAD) CLASSIFICATIONS, DEFINITIONS, SIGNAGE, AND FOR ADOPTING OF MINIMUM MAINTENANCE STANDARDS FOR HIGHWAYS (ROADS) UNDER THE JURISDICTION OF THE CORPORATION OF THE TOWNSHIP OF PAPINEAU-CAMERON

WHEREAS Section 27 (1) of the Municipal Act, S.O. 2001, c. 25 as amended, provides that a municipality may pass By-Laws in respect of a highway only if it has jurisdiction over the highway;

AND WEHREAS Section 44 (1) of the Municipal Act 2001, c.25 as amended, provides that the municipality that has jurisdiction over a highway or bridge shall keep it in a state of repair that is reasonable in the circumstance, including the character and location of the highway or bridge;

AND WHEREAS Section 44 (4) and (5) of the Municipal Act 2001, c.25 as amended, provides that regulations may be established by the Minister for minimum standards of repair for highways or bridges or any class of them and that the minimum standards may be general or specific in their application;

AND WHEREAS the Township of Papineau-Cameron deems it appropriate to fulfill the requirements of Ontario Regulation 239/02 (Minimum Maintenance Standards for Municipal Highways), made under the Municipal Act, as amended;

NOW THEREFORE the Council of the Corporation of the Township of Papineau-Cameron enacts as follows:

1.0 PURPOSE

The purpose of this By-Law is to;

- 1.1 Clearly define the terms identified in the definition section of this By-Law;
- 1.2 Classify all roads within the municipality, their levels of service, the patrolling requirements and the maintenance period annually; and,
- 1.3 Identify signage where required for certain types of roads.

2.0 DEFINITIONS

For the purposes of this by-law a;

- 2.1 "Private Road" means a road that has not been assumed by the Municipality, which provides access by means of a registered right-of-way to private property, and of which the use, maintenance, and liability of the road are the responsibility of the abutting land owners, or the registered owner of the road itself.
- 2.2 "Private Unassumed Road" means a road owned by the Municipality and maintained by a separate private individual/s, organization, or company rather than by the Municipality. The general public is allowed to travel on these roads and, since these roads have not been assumed by the Municipality for maintenance purposes, the responsibility for maintenance and liability of a Private Unassumed Road is that of the private individual/s, organization or company. (Road Signed Unassumed Road, Not Maintained by Municipality, Use at Own Risk)
- 2.3 "Seasonal Road Partial Year" means an opened road allowance used on a "courtesy" basis by the Public with the understanding that the road, or portion thereof, is owned by the Municipality and which receives <u>limited maintenance</u> from June 1st through October 1st each year, and on which no winter maintenance is performed, with the exception of winter maintenance performed at the discretion of the Public Works Superintendent to avoid damage to municipal property or to repair or remove a potential threat to public health and safety. These roads are considered Class 6 Roads, not subject to Minimum Maintenance Standards under Ontario Regulation 239/02.

(Road Signed - Seasonal Road, Partial Year, Limited Maintenance from June 1 to October 1, Use at Own Risk)

- 2.4 "Seasonal Road - Annual Year" means an opened road allowance used on a "courtesy" basis by the Public with the understanding that the road, or portion thereof, is owned by the Municipality and which receives limited maintenance from January 1st through December 31st each year. These roads are considered Class 6 Roads, not subject to Minimum Maintenance Standards under Ontario Regulation 239/02. (Road Signed - Seasonal Road, Limited Maintenance, Use at Own Risk)
- 2.5 "Access Road" as per the Road Access Act, R.S.O. 1990, c. R.34 as amended, means a road located on land not owned by a municipality and not dedicated and accepted as, or otherwise deemed at law to be, a public highway, that serves as a motor vehicle access route to one or more parcels of land.
- "Common Road" as per the Road Access Act, R.S.O. 1990, c. R.34 as amended, means an 2.6 access road on which public money has been expended for its repair or maintenance.
- 2.7 "Resource Access Road - Crown Land" means, a temporary road built and maintained for the purpose of providing access to lands used for resource extraction such as mining, mineral aggregates and forestry and are not intended to provide access to residential or commercial land uses. A resource access road is constructed across Crown Land and may be constructed by a Crown agency such as the Ontario Ministry of Natural Resources & Forestry or by the private sector with Crown approval. The road may be maintained by the Crown or through a maintenance agreement with the private sector. The public is able to use these Crown Land Resources Access Roads but they cannot alter the road in any way. The Municipality has not assumed ownership or for maintaining Crown Land Resource Access Roads, and therefore is used at your own risk.
 - (Road Signed Unassumed Road, Not Maintained by Municipality, Use at Own Risk)
- 2.8 "Resource Access Road - Private Land" - means, a private non-permanent road constructed and maintained privately for the purpose of providing access to private lands used for resource development such as mining, mineral aggregates and forestry. The public are prohibited (not able) to use Private Land Resource Access Roads. The Municipality has not assumed ownership or for maintaining Private Land Resource Access Roads, and therefore is no trespassing on privately owned lands.
- 2.9 "Forced Roads" - means a publicly-used existing roadway on private land, usually to get around an obstacle that prevents a road from being built on the surveyed public road allowance. Only the municipality (and not the private landowner) is fully responsible and liable for any incidents or accidents that occur on forced roads. Widening Forced Roads requires the municipality to negotiate with private land owners. The municipality would need a survey, a transfer/deed from the registered owner, and a partial discharge of any mortgages affecting the private property.
- 2.10 "Unassumed Road" means a road not owned by the Municipality and for which the Municipality has not assumed responsibility for maintaining and therefore is used at your own risk. (Road Signed - Unassumed Road, Not Maintained by Municipality, Use at Own Risk)
- 2.11 "Unassumed Road Allowance" means a road owned by the Municipality but has not assumed responsibility for maintaining and therefore is used at your own risk. (Road Signed - Unassumed Road, Not Maintained by Municipality, Use at Own Risk)
- 2.12 "Unopened Road Allowance" means unopened roads found along both concession and lot lines throughout the municipality as they were originally surveyed during the Province's early settlement. These are public highways, owned by the Municipality, but are unopened and not maintained. The Municipality has no obligation to open or assume original road allowances, or to make passage over them easier for the public. The public is however able to "use" these unopened road allowances but they cannot alter the road allowance in any way.
- 2.13 "Year Round Road" means a road which has been opened and assumed full responsibility by the Municipality, and maintained year round by the Municipality.

3.0 ROAD CLASSIFICATION

Classification for the purpose of this By-Law applies to Class 4, 5 and 6 Year Round and Seasonally Maintained Roads under the jurisdiction of the Municipality. Classification has been established through the Annual Average Daily Traffic (AADT) count completed in the D.M. Wills 2009 Road Needs Study, and by the Minimum Maintenance Standards for Municipal Highways Ontario Regulation 239/02, and amended thereof by the Council of Papineau-Cameron to reflect the greater population along the road, which sets the minimum standard for levels of service and patrolling requirements on each classification of road within a municipality as per the tables below:

3.1 Class 4 Roads – Patrolling frequency minimum once every 14 days

5.0 MAINTENANCE STANDARDS

- Seasonal Roads Limited maintenance by the Municipality. Limited maintenance is a service standard providing of minimal gravelling, grading and ditching sufficient to permit passage during the seasonal period. Since a seasonal road is maintained at a lower standard, the use of these roads is at "user's risk". All Seasonal roads will be "signed" by the Municipality to indicate the status of the road and the duration of Municipal maintenance services. Any individual wishing to provide winter maintenance to a Municipal Seasonal road must make written application for permission to the Corporation of the Township of Papineau-Cameron and, if approved, must enter into an Agreement and be aware that they will assume all responsibility for such winter maintenance and for any liability for damage to Municipal property as a result of the actions of private snow removal equipment.
- 5.2 <u>Year Round Roads</u> Maintenance will be provided by the Municipality year round as per the Minimum Maintenance Standards for Municipal Highways, Ontario Regulation 239/02

6.0 FORCE AND EFFECT

- 6.1 THAT all previous By-Laws establishing Road Classification Definitions and Minimum Maintenance Standards for Highways (roads) be and are hereby repealed;
- 6.2 THAT this By-Law shall become ratified upon the signing thereof.

READ A FIRST, SECOND AND THIRD TIME, ENACTED AND PASSED BEFORE AN OPEN COUNCIL, THIS 13 DAY OF MARCH, 2018.
